

Have you heard about CatholicSG Radio? This is our very own Catholic online internet streaming platform for our Archdiocese. This app delivers talkshows, reflections, prayers, music, podcasts, programmes from other language communities and more – 24 hours, 7 days a week!

## How do we tune in?

1. Download the app!

Apple App Store

Google Play Store

2. Listen to the LIVE stream at [radio.catholic.sg](http://radio.catholic.sg)

3. For drivers who have a bluetooth connection in their vehicles, connect the CatholicSG Radio app to your vehicle's bluetooth system and listen on the go!

## For Android Phones

Android phones have a "save data" feature written in as part of their Operating System. A Smart phone system but not exactly friendly to streaming for radio or music apps like ours!

So to avoid the app going "silent" when you move away from the app, do these steps on your phone to allow uninterrupted listening without the stream being cut!

1. Go to Settings and to the APPS function. Look for the CatholicSG Radio app you had downloaded
2. After clicking on the CatholicSG Radio app, click open the "PERMISSIONS" or "DATA USAGE" tab
3. Enable the "BACKGROUND DATA" function

*p/s: If you have your phone on power save mode, it will also stop streaming the radio broadcast.*

*pp/s: This does not happen if you have an Apple iPhone, which is already set up to allow for continuous streaming.*

## Features of the app

This is the main navigation bar to get to all the sections of the app!

Hit the "view all" button to see what's in store

Click on the arrow button to listen to the broadcast!

### Podcasts

Tap onto the different sections to open up the various podcasts available. These are also available for download.

### Videos

Watch our videos produced for the Church on this channel taken from our YouTube pages. New videos will be uploaded regularly.

## My Favourite Song!

We invite YOU to make this YOUR radio! Send us a recording and talk about your favourite song and tell us why it helps connect you to God. It can be ANY song – even contemporary or secular songs, and not necessarily a hymn or a praise song.

### How to do this?

1. Use your phone's recorder
2. Record a short request stating your name, parish, and tell us about your favourite song. Remember to include the name of the singer/songwriter and the album it is taken from.
3. Keep your request under one minute and record it either in mp3 (.mp3) or waveform (.wav).
4. Send the recording to us at [link@catholic.org.sg](mailto:link@catholic.org.sg).
5. Listen to hear if we play your song! We will try to make sure that all songs are being played but do be patient with us while we push out as many songs as possible :)

### Here's a sample of what you could say

"Hey! I'm Jane. My favourite song is Matt Maher's 'Overflow', taken from the same titled album. I use this song as my prayer asking the Lord to bless me with His abundant grace for the day."  
... and yes, in case you're wondering, this song IS in our playlist :)

## Calling all who want to feature their music on CatholicSG radio!

For choirs and singer/songwriters who already have music that we can feature on our radio, please send us your recordings, preferably in WAVE form. We prefer recordings done in 44.1kHz and with 128kbps.

### How can you do this?

1. Drop us a note on this at [link@catholic.org.sg](mailto:link@catholic.org.sg). Tell us what songs you are keen to feature.
2. We will set up a google drive for you to send your songs to us.

*p/s: Please do NOT ask us to rip songs from your YouTube channels :)*
